Dream & Dine
Experience the finest Indonesia has to offer
Within minutes of Ubud’s town centre lies Maya Ubud Resort & Spa, a 10-hectare tropical hideaway surrounded by a densely wooded river valley and Bali’s iconic rice fields. The whole resort pays homage to the Balinese culture through the architecture, design, furnishings and decor, giving a genuine sense of place along with all the comforts and facilities today’s traveller requires.

Making the most of the location, the 60 villas are set back, lining the edges of the property for either a rice field or river valley view. Some of these cosy home-away-from-homes have their own pool, including the two duplex villas and the prestigious Petanu Presidential Villa. The resort is also home to 48 spacious superior and deluxe guestrooms. Dining at Maya Ubud Resort & Spa is excellent and
ranges from River Café’s health-conscious menu to Asiatique’s innovative Asian-style cuisine and teppanyaki counter, which opens out onto the informal gardens and a courtyard fountain, and the signature Maya Sari restaurant, which offers both indoor and alfresco dining and serves international and local favourites. Bar Bedulu, meanwhile, serves cool concoctions, exotic thirst quenchers and ice-cold brews.

There is an outstanding spa in an enviable setting in the river valley, two swimming pools, meeting facilities and plenty of on-site recreational and cultural activities, including nature walks and trekking, tennis, mountain biking and Balinese cooking classes, making Maya Ubud Resort & Spa ideal for smaller corporate events and team bonding, weddings, family holidays, as well as romantic getaways.
